COMFORT AND SERVICE TAKE SHAPE IN NEW MEDICAL CENTER

- *Grand Opening of New Community Medical Center in S. Florida*
- *Patient-Focused Design, Superior Interior and Exterior Upgrades*
- *Launches the Next Phase in Medical Delivery*

MIAMI — Concentra is changing the way health care is delivered with the opening of its newest flagship medical center in South Miami. Taking a note from the hotel industry, the new Concentra medical center combines a premium environment with skilled and trusted medical care, and a greater focus on the entire medical visit. With the opening of the new center, patients are discovering the joys of a health care experience that is affordable, efficient, and welcoming.

The new Concentra medical center concept is designed from the patient's perspective, with every element working to create a welcoming and caring patient experience – throughout the visit. Using this “patient-centric” concept, the new center features a bold graphic directional system, bright interior walls, modern fixtures and materials, and distinctive curb appeal. Complete with wood flooring, soft accent lighting, frosted glass, and stucco exterior finishes, and an inviting “welcome area” with plush furniture, and a flat-panel TV, the new Concentra center delivers proven and trusted medical care in a warm and relaxing atmosphere.

10205 South Dixie Highway, Suite 102, Pinecrest FL, the new center has approximately 15,000 square feet of space and includes advanced medical facilities, multiple deluxe patient exam rooms, and a spacious new physical therapy facility with cardiovascular equipment and work simulation areas. Concentra's newest center also features separate entryways for medical patients and physical therapy patients, extended evening and weekend hours, and affordable health care services for the entire family. Jill Rosenthal, M.D., a respected physician practicing in the South Florida area for more than ten years, serves as Area Medical Director for the new center, and is joined by Physical Therapy Director Emelda Santos, and an extensive clinical staff.

“The opening of our new flagship center represents a significant advancement in the delivery of quality and efficient health care services to patients,” said Jeff Wainstein, M.D., Vice President of Medical Operations for Concentra. “We want to revolutionize the way non-emergent health care is delivered in Nashville. We want to offer patients a comfortable and stress-free health care experience, while providing them the best possible medical care from our experienced clinicians.”

More than just another doctor's office, Concentra offers a health care model that incorporates superior service and inviting surroundings to help set patient expectations. As a leader in health care services,

Concentra intends to raise the standard of health in the area by putting individuals first, treating them with clinical excellence, and focusing on their ongoing wellness. With extended evening and weekend hours and affordable services for the entire family, Concentra is rapidly becoming the new trend in patient care.

Grand Opening Event

Concentra will celebrate the completion of its new medical center on September 2, with a special event from 4:30 p.m. to 7:30 p.m. Located directly off South Dixie Highway, the new Concentra medical center is more visible and accessible, with close proximity to many businesses and company headquarters. The new center is open Monday-Friday 8am-8pm, and Saturday and Sunday 10am-4pm. The physical address of the new location is:

Concentra Medical Center – Pinecrest
10205 South Dixie Highway, Suite 102
Pinecrest, FL
305-666-5971

For nearly 30 years, Concentra has been a leader in the delivery of health care services. Concentra Urgent Care provides treatment for a wide range of minor injuries and illnesses, including skin infections, broken bones, seasonal allergies, and many other conditions, as well as wellness services such as immunizations, physicals, and vaccinations. With more than 300 national locations, many with weekend and extended evening hours, Concentra delivers the care you need, when you need it most.
